

Farm Service Agency, USDA

§ 760.401

this section as the “feed grain equivalent”, as determined under paragraph (h) of this section; and

(3) A payment rate equal to the corn price per pound, as determined in paragraph (i) of this section.

(h) The feed grain equivalent equals, in the case of:

(1) An adult beef cow, 15.7 pounds of corn per day or

(2) In the case of any other type or weight of covered livestock, an amount determined by the Secretary that represents the average number of pounds of corn per day necessary to feed that specific type of livestock.

(i) The corn price per pound equals the quotient obtained by dividing:

(1) The higher of:

(i) The national average corn price per bushel for the 12-month period immediately preceding March 1 of the calendar year for which LFP payment is calculated or

(ii) The national average corn price per bushel for the 24-month period immediately preceding March 1 of the calendar year for which LFP payment is calculated

(2) By 56.

(j) The monthly feed cost using the normal carrying capacity of the eligible grazing land equals the product obtained by multiplying:

(1) 30 days;

(2) A payment quantity equal to the feed grain equivalent of 15.7 pounds of corn per day;

(3) A payment rate equal to the corn price per pound, as determined in paragraph (i) of this section; and

(4) The number of animal units the eligible livestock producer’s grazing land or pastureland can sustain during the normal grazing period in the county for the specific type of grazing land or pastureland, in the absence of a drought or fire, determined by dividing the:

(i) Number of eligible grazing land or pastureland acres of the specific type of grazing land or pastureland by

(ii) The normal carrying capacity of the specific type of eligible grazing land or pastureland as determined under this subpart.

(k) An eligible livestock producer will be eligible to receive payments for

grazing losses due to a fire as specified in § 760.305(c):

(1) For the period, subject to paragraph (1)(2) of this section:

(i) Beginning on the date on which the Federal Agency prohibits the eligible livestock producer from using the managed rangeland for grazing and

(ii) Ending on the earlier of the last day of the Federal lease of the eligible livestock producer or the day that would make the period a 180 day period and

(2) For grazing losses that occur on not more than 180 days per calendar year.

(3) For 50 percent of the monthly feed cost, as determined under § 760.308(g), pro-rated to a daily rate, for the total number of livestock covered by the Federal lease of the eligible livestock producer.

Subpart E—Livestock Indemnity Program

SOURCE: 74 FR 31575, July 2, 2009, unless otherwise noted.

§ 760.401 Applicability.

(a) This subpart establishes the terms and conditions under which the Livestock Indemnity Program (LIP) will be administered under Titles XII and XV of the 2008 Farm Bill (Pub. L. 110-246).

(b) Eligible livestock owners and contract growers will be compensated in accordance with § 760.406 for eligible livestock deaths in excess of normal mortality that occurred in the calendar year for which benefits are being requested as a direct result of an eligible adverse weather event. An “eligible adverse weather event” is one, as determined by the Secretary, occurring in the program year that could and did, even when normal preventative or corrective measures were taken and good farming practices were followed, directly result in the death of livestock. Because feed can be purchased or otherwise obtained in the event of a drought, drought is not an eligible adverse weather event except when anthrax, resulting from drought, causes the death of eligible livestock.
